#### J.W. Lees Brewery

J.W. Lees is a family brewery company, founded in 1828 by retired cotton manufacturer John Lees. They are based in Middleton in the North West of Manchester and own J.W. Lees Brewery & J.W. Lees Pubs

- **Manchester Craft Lager 4.7%**

More than a few craft lagers are named after the cities that created them, so we've added Manchester to that list using almost two centuries' worth of expertise on craft ale. We brew Manchester Craft Lager in small batches, giving it longer maturation to create a stronger, more flavoured lager that takes things up a notch or two.

- **J.W. Lees Bitter 4.0%**

Our all-malt amber bitter was first brewed in 1828 to satisfy thirsty Mancunians grafting in the workshop of the world. It soon became our most popular beer, and it's stayed that way. We make it using ale and crystal malt, and Golding hops, for a satisfying flavour and citrus aftertaste that's rewarded Mancunian graft for generations.

- **Manchester Pale Ale 3.6%**

Tony Wilson once said: "This is Manchester, we do things differently here". And he was right. Our refreshingly Mancunian pale ale gives ale lovers a similar hop-packed offering to its American equivalents. It's a golden ale that's made entirely from all-British malt, Liberty and Mount Hood hops. It's a post-industrial Manchester classic (as Wilson might have put it).

- **Bohemia Regent 5.0%**

Premium Czech lager Bohemia Regent was made available in the UK for the first time in 2003. JW Lees has exclusive rights to distribute the premium lager in draught format. Bohemia Regent is 5% premium draught lager, which will continue to be brewed in Trebon, South Bohemia.

#### Brightside Brewery

Brightside Brewery is a family run brewery located in Manchester, and have been brewing since 2009. They are now well known for quality, consistency and service.

- **Maverick American Style IPA 4.8%**

Maverick IPA is American in style and multi-national in hop content (mostly US with a touch of NZ)! Lightly caramelized malts provide the central core, but the American Cascade is the main attraction bringing bold grapefruit and floral aromas to the beer, which finishes with a clean, refreshing bitterness.

- **Store Street Craft Lager - Helles Crisp Pale Lager 4.8%**

The beer is straw coloured with very mild bitterness, has a clean and fresh taste, and shows delicate hop aromas and flavours. It's understated and refined rather than flashy, and so is ideal to go with all styles of food.
